

USED BY THE U.S. MARINES - NSN: 7330-01-484-6756

[SINT PLAST]

RUGGEDIZED/INSULATED BEVERAGE CONTAINER

GB 3

CONSTRUCTION: Stainless steel 18/10 interior adapted to the most rigorous hygienic specifications for food items. The outer casing is made of extra-strong rotomolded polyethylene

INSULATION: Injected polyurethane foam, density 35 g/l

LID: Same construction and insulation concept as the body. Two high quality, extra strength pullover latches that provide a perfect watertight seal

CONTAINER: Extra-strong, light and easy to handle, washable, can be air dropped into water, virtually unsinkable

COLOR: NATO green 24 or sand yellow. Custom colors are available.

CAPACITY: 3 Gallons US (Available in 5 & 6 Gallon Versions)

WEIGHT: 16 lbs.

EXTERNAL DIMENSIONS: 19 H x 9W x 19D (inches) Interlocking Stackable Design

Light and easy to handle the new three gallon beverage container has been designed to be lightweight and portable, yet rugged, in order to meet the most rigorous requirements in the most adverse conditions. Built utilizing first-class technical and practical specifications: high performance insulation, strength, lightness, carrying comfort, perfect hygiene, easy handling and maintenance. This container can be easily handled with a rotomolded handle, forming part of the lid.
